

Umansky Plastic Surgery
William Umansky, M.D., F.A.C.S.
Jeffrey Umansky, M.D., F.A.C.S.

AAAASF PEER REVIEW CONSENT

Umansky Plastic Surgery maintains an ambulatory surgery center accredited by the prestigious American Association for Accreditation of Ambulatory Surgery Facilities (AAAASF). AAAASF accreditation guidelines have been recognized as providing the highest level of safety and quality in ambulatory surgical care. As part of the accreditation, we must participate in a peer review program. The peer review group consists of the plastic surgeons within this practice that meet semi-annually to review a random selection of surgeries from each surgeon in the practice. There is a possibility that your case may be chosen for review.

I, _____, authorize Umansky Plastic Surgery to disclose complete information concerning the medical findings and treatment of myself, from the initial office visit until the date of the conclusion of such treatment, to those physicians who participate in the AAAASF Peer Review Group.
